BIG ON SMALL SPACE PRODUCTIVITY

THE TOYOTA BOX CAR SPECIAL FORKLIFT. A forklift with high lifting capacity that can comfortably squeeze into railcars and other tight spaces? It’s a major small miracle. One made possible by a specially designed counterweight that frees the Box Car Special to work in confined areas without sacrificing lifting power. It’s a design that opens up new opportunities in racking, space planning, and shipping. So you can think big and small at the same time.

BOX CAR SPECIAL ADVANTAGES

► SPECIALLY DESIGNED COUNTERWEIGHT for superior tight space navigability

► LOAD-SENSING POWER STEERING improves efficiency by making sure the hydraulic pump only runs when it is needed

► ACTIVE MAST CONTROL responds automatically to enhance stability of loads handled at high lift heights

► SYSTEM OF ACTIVE STABILITY™ (SAS) automatically detects potentially unsafe conditions and engages additional safety features for increased operator protection and reduced product and forklift damage

► OPTIONAL REAR ASSIST GRIP WITH HORN makes reverse travel more comfortable and provides easy access to horn for frequent reverse travelers

► STANDARD LED HEADLIGHTS lower operational costs due to reduced amp draw and no filament
► **STANDARD LCD MULTI-FUNCTION DISPLAY** puts customizable performance, operational data, and QR code diagnostics right at your fingertips

► **STANDARD 4-WAY ADJUSTABLE FULL-SUSPENSION SEAT** is wider with no hip restraints for easier entry/exit than competitors’ seats; weight-adjustable for greater operator comfort

► **IMPROVED ERGONOMICS** including load-sensing power steering, 11.8 inch steering wheel, dash-integrated amenity tray, and oversized cup holder

► **DURABLE BOLT-ON OVERHEAD GUARD** provides maximum operator protection with improved entry/exit and load visibility

► **ENGINE PROTECTION SYSTEM** automatically reduces power if coolant temperature rises to potentially damaging levels

► **FULLY SEALED AIR INTAKE** is mounted up high to limit low-level dust and debris from entering engine
